

Tania Singer, CPA

Tania Singer is the founder of **Fighting Fit Financials**. **Fighting Fit Financials** works with business owners and employees to enhance the overall performance of the business through the implementation of robust reporting systems. With the objective of creating a financial reporting system that is fit for purpose and creates value in the Management Decision Making processes.

Over the past 15 years, Tania has held several senior management positions (FC, Senior FA and senior consultant roles) in privately-held and listed public companies in various industries and markets including: Mining, Oil & Gas, Electricity, and Construction. Tania has worked across multiple project accounting focused positions, successfully mobilizing and demobilizing entire contracts and systems needed for their success.

Tania brings her core values of service before self, integrity, and excellence to all her endeavors. These core values combined with leadership, vision, organizational skills, and a strong belief in the endless possibilities of teamwork has prepared her to identify problem areas, outline a course of action, and implement solutions for today's challenges.

Tania has strong capabilities within the training and development of key internal resources, having gained extensive experience in developing training programs based on the needs of staff in line with NTS; Tania currently holds a Certificate IV in Training and assessment in the workplace.
